13MP AI quad camera

Ultra wide-angle and macro lenses

5020mAh (typ) high-capacity battery

18W fast charge

6.53" FHD+ Dot Drop display

1080p high resolution

High-performance Helio G80

Octa-core processor, up to 2.0GHz

13MP AI quad camera

Redmi 9 provides all the premium features you deserve at an honest price without compromise. It's all-purpose AI quad-camera setting allows you to snap quick pictures, close-up macro shots, ultra wide-angle shots and even portraits. Users can also unleash their creativity using premium camera features such as kaleidoscope, and palm shutter.

5020mAh (typ) high-capacity battery

Equipped with a large 5020mAh (typ) battery, Redmi 9 remains charged for a full day of activities, even under heavy usage. With up to 18W fast charging technology, it also allows you to quickly recharge and get back into the game in no time.

6.53" FHD+ Dot Drop display

Featuring a best-in-class 6.53" FHD+ Dot Drop display and a 1080p resolution, Redmi 9 provides the visual experience you deserve. Bright, crisp colors burst out from a nearly bezel-less screen so your video and gaming experience is truly immersive.

High-performance Helio G80

Redmi 9 is built for those who want it all. The powerful MediaTek Helio G80 is optimized for longer battery life, smoother uninterrupted gaming, and enables ultra-fast and secure face unlock.
